

# Programme of the I International Conference on Construction Chemicals Industry

27<sup>th</sup> November 2012, Warsaw, Poland (Golden Floor Plaza)

8:15-9:00	Registration		
9:00-9:10	Conference opening		
<b>I PANEL / LEGISLATION</b>			
9:10-9:40	Chemical Legislation and Construction Chemicals Industry	Krzysztof Domański Specialist	Bureau for Chemical Substances
9:40-10:10	Changes in the Chemical Legislation after 1 December 2012 in the Construction Chemicals Industry. New Rules for Classification, Labeling and Changes in the SDS.	Aleksandra Gendek Senior Expert in Dangerous Preparations & MSDS	Theta Technical Consulting
10:10-10:40	Last Changes in the Registration of Biocidal Products and Construction Chemicals Industry	Dorota Kaczorowska Senior Expert in Registration of Biocidal Products	Theta Technical Consulting
10:40-10:50	SPONSOR PRESENTATION: FLIR		
10:50-11:20	Coffee Break		
<b>II PANEL / RAW MATERIALS</b>			
11:20-11:50	Water-based, Two-Component Polyurethane Systems with Excellent Mechanical and Chemical Resistance. A New Quality in the Construction Industry	Robert Tomczak Team Leader BMS/CAS/Poland	Bayer Sp. z o.o.
11:50-12:20	Modified Arbocels, New Generation of Cellulose Fibers	Marek Matysiak Product Manager	Rettenmaier Polska Sp. z o.o.
12:20-12:50	Review, Advances and Outlook in the Dispersing of Pigments and Minerals in Coatings and Construction Applications	Hendrik Ahrens Technical Application Manager EMEA	Clariant International Ltd.
12:50-13:00	SPONSOR PRESENTATION: Konica Minolta Sensing Europe B.V.		
13:00-13:50	Lunch Break		
<b>III PANEL / RAW MATERIALS</b>			
13:50-14:00	SPONSOR PRESENTATION: The Dow Chemical Company		
14:00-14:20	Primal <sup>TM</sup> FS-3600 and Walocel <sup>TM</sup> MKW as High Performance Solutions in ETICS and Render Formulations Increasing the Value for Your Customers – the Applicators	Bartosz Górzynski Key Account Manager Central Europe	The Dow Chemical Company
14:20-14:40	Increased Incidence of Microbial Growth on Coatings Used in ETICS	Paul Wood Customer Application Specialist	The Dow Chemical Company / Dow Microbial Control
14:40-15:00	Evoque - Pre-composite Polymer Technology as a Choice for Good Protection, Extended Durability Coatings and TiO <sub>2</sub> Savings	Łukasz Żukowski Technical Service Chemist	The Dow Chemical Company / Dow Coating Materials
15:00-15:30	Trends in Cement Based Mortars and Innovative Additive Solutions	Torsten Busch Global New Product Leader Construction Additives	Ashland Industries Europe GmbH
15:30-16:00	Silicon-Based Additive as Admixture in Cement Based Material	Jean-Paul Lecomte Construction Chemicals Technical Service Leader	Dow Corning Corporation
16:00	Conference Closing
